

Brasov Transition Governance workbook

10.12.2019

Funded by the H2020 programme of the
European Union

TOMORROW

🎯→ System analysis

- We are going to use the systems analysis for the development and implementation of SECAP
- We will link it to the monitoring, evaluation and reporting of SEAP, that is already happening in Brasov
- Sectorial boundaries:

Public buildings
Private buildings
Public lighting
Public transport
Private and commercial transport
Sustainable urban mobility
(District) Heating

Local energy production
Smart City solutions
Waste management
Land Use Planning
Forestry
Environment
Water

Food
Health?
Civil Protection & Emergency?
Tourism & Culture
Media & Communication
